Hello, Members of the Alberta Purebred Sheep Industry,

The ASBA Memorial Scholarship is made available annually to Alberta Sheep Producers pursuing post-secondary education. The Scholarship was established following the untimely death of Sheila Stephen, followed shortly thereafter by her father Bill Stephen. The principal of the Scholarship fund is held in trust by ASBA and the amount of the scholarship awarded annually is dependent on the accrued interest of the fund. The principal balance of the Memorial Fund is maintained through the generosity of Alberta producers and Industry Stakeholders that donate items for the silent auction held at the Symposium on the night of the Banquet. We would appreciate it if you would give consideration to making a donation for this worthy cause. Please make arrangements for delivery of your pledged item with the Committee Chair before the Symposium starts.

Thank you for your support,  
Vanessa Grimmeyer and Liz Breakey
